Pioneer Park Gets a Facelift

It is just one of the many community projects that have been undertaken by Southeast Nebraska Telephone Company. On Friday, September 28th, we spent the day painting and giving the park a clean, colorful new look. The benches, slide, swing sets, basketball court, light poles and sign all received a fresh coat of paint. Employees were happy to pick up their brushes and lend a hand, and we hope our community is enjoying the results.

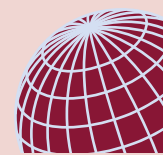

Happy Thanksgiving

Warm smiles. Loving relationships. Cherished traditions. These are the ingredients to create a memorable and meaningful Thanksgiving holiday. We hope you and your family share many treasured moments together as you celebrate this special day.

The staff at Southeast Nebraska Telephone Company would like to take this opportunity to thank you, our customers, for your loyal patronage during this past year. Get Ready for Holiday Shopping Online

Of course, shopping locally is always our first choice. Supporting our local stores is a vital part of keeping Falls City alive and thriving. But if what you need isn't available in town, you may want to shop online.

To help make online shopping safer and more efficient, here are a few tips:

1. Protect yourself from scammers. Make purchases only on secured websites, and try to stick to Internet merchants you know and trust. If in doubt, check with the Better Business Bureau. To protect against viruses and spyware, make sure your computer has the latest anti-virus software installed before shopping online. Sentco.net offers SecureIt Plus, a fully automated computer protection.

2. Use one credit card. Open a credit card account with a low credit limit for online purchases only, and carefully check the billing statements. It's easier to discover fraudulent charges that way, and the low credit limit will help thwart thieves.

3. Comparison shop the easy way. One good place to start is the Google Product Search site at www.google.com/products. Just type in the product and you'll get an extensive list of online places to buy. You can also refine your search by price range, brands, stores, and seller ratings.

4. Look for deals. Clearance merchandise websites such as www.overstock.com and www.half.ebay.com partner with sellers of brand-name merchandise who want to peddle their wares at heavily discounted prices. You can also check out coupon sites such as www.slickdeals.net to find the day's hottest deals and coupons for your favorite online stores.

5. Consider gift certificates. Not sure exactly what your niece would like? Online gift certificates are a smart way to go. The best-known websites are www.giftcertificates.com, www.giveanything.com, and www.certifichecks.com.

6. Read the fine print. Always check the online store's refund policies; some set a deadline for returns or charge a fee to accept returned merchandise. Also, be sure to print and save the confirmation page when completing an online purchase, so you have a record of the transaction.

7. Get up to speed. Can your family's computer handle the hectic holiday pace? If your Internet connection isn't as fast as you'd like, give us a call. With our High Speed Broadband Internet, you'll be handling all those holiday tasks in no time. You can also save time by paying your bill online by using an electronic check, Visa, MasterCard, or Discover Card. Go to www.sentco.net to view and pay your bill online.
