Manual Conversion Steps for SMTP Authentication – Windows Live Mail

Upgrading to the new SNC Email requires an update to your email client settings. Please follow the steps below to ensure a seamless transition to the new system.

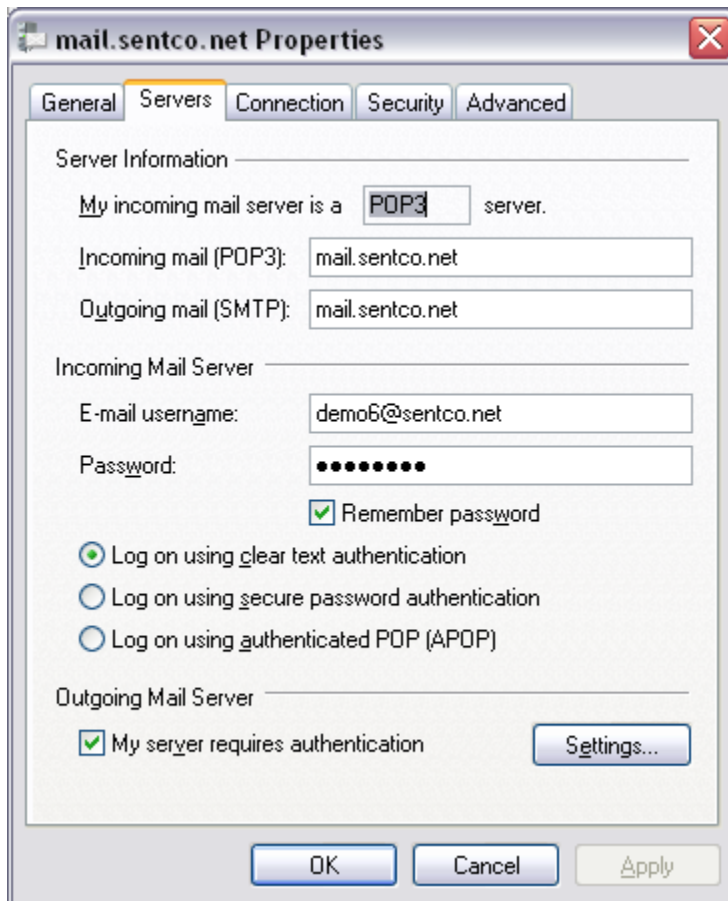

1. Open Windows Mail. Choose the **Tools** menu and select **Accounts**.

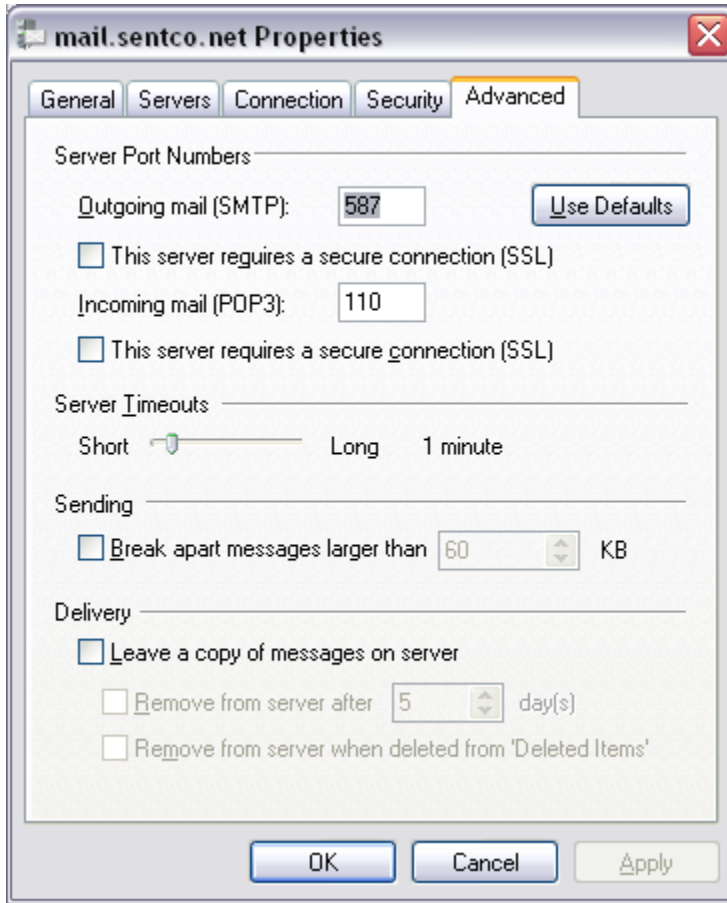

2. A new window will open. Select your sentco.net account then click **Properties**.

3. Another window will open. Select the **Servers** tab and check the box next to **My server requires authentication**.

4. Click the Advanced tab. Change the number in the Outgoing Mail (SMTP): field to 587.

5. Click OK then click Close.

You have now made the required changes.
