Logging into your account

To sign into SNC Voice Mail from your own telephone, dial the access number given to you by your service provider, or *318. You will need to enter your PIN when requested.

You can also sign into SNC Voice Mail, from any other telephone line by calling 402-245-5001. If this call is long distance or cellular, you will need to dial 402-245-5001. Problems logging in

If you enter the wrong PIN, you will have three more attempts, before SNC Voice Mail terminates the call. If this happens, you can then redial immediately and try again.

However, if you fail to log on seven times in a row, SNC Voice Mail will lock you out for an hour. This is to protect the security of your account. You will hear a message informing you that you have been locked out and any attempts to sign in during this period will be rejected.
